

Amphibians

British Union e-Honour

Requirements:

THE TASK #1

1. Name 3 characteristics of amphibians.

2. What are the two main orders of amphibia?

3. Name two differences between toads and frogs.

4. Name 3 ways that amphibians protect themselves.

5. Give the 5 ways that amphibians are of economic value?

6. By what is the sound amplified in the frog's body to allow it to be heard loudly?

THE TASK #2

Choose an amphibian in your locality and research the following:

- (1) Where and when it sleeps;
- (2) When it leaves its home for food;
- (3) How fast it can travel;
- (4) How far it can jump;
- (5) The decline in the population;
- (6) Any other interesting fact!

Use a separate piece of paper to write down the results of your research for Task #2.

File all your work for this honour in your club folder for assessment when clubs resume.
