What you need:

- 2 plastic or paper cups (a tin can also work)
- String
- A friend to hold the other end of the string telephone

Instructions:

- Make a small hole in the bottom of both cups.
- If you would like you can decorate your cups.
- Thread your string through the cup and tie a knot to keep the string from pulling back through.
- Finished

How to play

- You take one cup and your friend takes the other. Walk far enough apart to make the string tight. Depending on how long you cut your string will depend on how far you need to stand apart (make sure that the string is not touching anything else)
- One friend holds the cup to their mouth and talks, while the other friend holds it to their ear and listens.
